The benefits of a Digital Dreams Self-Edit Website:

- Make changes to your website any time you like.
- No need to contact your website development company for changes.
- Keep your website up-to-date.
- Visitors will keep coming back to your website to see what's new.
- Add new links to your links page to increase your reciprocal links.
- Keep up-to-date with product or service changes
- *and much more*

Digital Dreams Self-Edit Website includes the following features:

- Easy-to-use interface can be used from anywhere in the world.
- Design vibrant and powerful web pages without HTML knowledge.
- Copy and Paste from your favourite word processor.
- Add images directly from your computer.
- Images can be automatically resized to optimise image file-sizes.
- *and much more...*

How does a Digital Dreams Self-Edit Website work?

Once logged in, simply navigate to the web page you wish to edit or update and the system will allow you to edit your web page in a word processor style. Full formatting options such as bold, linking and tables are available which make updating your website very easy. Photos and images can be easily added to your web page with the image upload facility which automatically resizes the images to the desired size. You can change your web page around until you are happy with the way it looks and all you have to do then is click on the "Save" button to save your web page and make it go live.

GET STARTED TODAY

Get the best of both worlds...

You can have the professional layout design while still being able to edit the content. This way your website will always be up-to-date and still look like it was designed professionally.

Be in control of your online web presence...
